Profile

Highly motivated and detail-oriented **Data Analyst and Data Science Enthusiast** with a strong educational background in statistics, mathematics, and computing. Skilled in **Python**, **Excel**, and **Power BI**, with hands-on experience in libraries such as **Pandas**, **NumPy**, **Tkinter**, and **scikit-learn**. Passionate about transforming raw data into actionable insights through **data visualization**, **predictive modeling**, and **storytelling**. Eager to apply analytical and programming skills to solve real-world business and research problems.

Education

Teerthanker Mahaveer University Moradabad, India
B. Tech in Computing Sciences (AI Specialization) 2023–2026
8.18 (Avg SGPA till 6th semester)

Guru Teg Bahadur College Delhi, India
Diploma in Computer Science & Engineering 2020–2023
78.6%

Internship

Power BI Intern, Cognifyz Technologies Remote Mar 2025 – Apr 2025

- Developed interactive Power BI dashboards analyzing company datasets for actionable insights.
- Improved storytelling techniques and report publishing for business users.
- Strengthened understanding of data modeling and visual analytics.

Projects

Employee Payroll Management System [🐙 Repo](#)

- Developed a payroll management system using **Python** and **Tkinter**, featuring **CRUD operations**.
- Automated salary, PF, and allowance calculations with dynamic data management.
- *Tools: Python, Tkinter, Data Management.*

Blinkit Dashboard [🐙 Repo](#)

- Built an interactive Power BI dashboard to track KPIs, revenue, and order performance.
- *Tools: Power BI, SQL, Data Analytics.*

Netflix Stock Prediction [🐙 Repo](#)

- Predicted Netflix stock trends using machine learning regression models.
- Enhanced data visualization using Power BI for better insights.
- *Tools: Python, Power BI, Data Visualization.*

Champions Trophy Dashboard [🐙 Repo](#)

- Designed a Power BI dashboard showcasing match analytics and player performance.
- *Tools: Power BI, Data Visualization.*

Skills

Technical Skills

- **Programming & Libraries:** Python, Tkinter, NumPy, Pandas, scikit-learn, Matplotlib
- **Data Tools:** Power BI, MS Excel, MySQL
- **Other Tools:** HTML, Data Cleaning, Data Visualization, Machine Learning

Soft Skills

- Project Management and Team Collaboration
- Time Management and Problem Solving
- Effective Communication and Leadership
